HOTELS

Attendees shall choose their own accomodation in hotels. Venice has so many hotels for so many different requirements that we think it is best for everyone to make their reservations separately, rather than trying to find a single accomodation that fits the needs of all participants, which would be impossible.

We strongly suggest that you reserve IMMEDIATELY

Venice is a very busy destination in all seasons and in October 13th International Architecture Exhibition will be held there, meaning that many hotels will be fully booked.

Please notify Enrico Solito of the hotel you choose.
